GLOBAL COFFEE BREAK

*helps churches invite neighbors
to discover God's story together.*

Julie first met Alice when they shared a hospital room after the birth of their babies. Julie wanted to invite her roommate to Global Coffee Break but didn't have the right opportunity. However, one month later, a second opportunity presented itself and

Julie knew she could not miss it. After the invitation, Alice began attending Global Coffee Break and eventually came to accept Jesus Christ as her Savior. As she grew in her faith, Alice became very involved in Global Coffee Break and even became a leader. Julie and Alice have remained close friends for 30 years!

One month ago, after a season of transitions, Alice decided to start a Global Coffee Break group with some friends in her new neighborhood and church. It had been a while since she had led, but she didn't let her fears stop her. She invited eight friends to join her and asked a Global Coffee Break coach to help with the first few meetings. To their delight, the group of women are eager to discover together what God's Word has to say!

TIMOTHY LEADERSHIP TRAINING

provides accessible training for church leaders who need it most.

The TLT preaching manual challenged Pastor [Name withheld] to write and preach better sermons.

This pastor from Central India discovered how important it is to preach the gospel in ways that make sense to people. He learned how to develop sermon applications that meet the specific need of his people.

He and his team also began to produce small booklets and recordings. He used terms, pictures, and music that connected the gospel message with people in other castes, mostly untouched by the gospel. He distributed the booklets and recordings in his region and to other regions through a network of leaders. So far, more than 27,000 people have received these materials and he hears that many have received Jesus as Lord.

His plan is to teach other key leaders how they can adapt their preaching to reach people as yet unreached. He is grateful for what he has been learning, and recognizes that other pastors and churches throughout India could also benefit from TLT.

EDUCATIONAL CARE

inspires and provides useful tools to help educators take care of God's children.

Mr. M, a teacher in Nigeria, is noticing long-term impacts of Educational Care at his school. He sees teachers integrating biblical faith in all subjects and adapting their lessons to fit the needs of students. He also sees teachers equipping each other.

At some schools, teams of 3 teachers in EC training spontaneously led half-day EC training for the other teachers and administrators of their school.

During COVID in 2020, many Nigerian schools all but closed or had no funds for teacher development. EC facilitators used that time wisely. Equipped by their experiences with EC action planning, nine Nigerian EC facilitators designed a modeling-based COVID-19 readiness workshop for on-site presentations by pairs of EC facilitators at 52 Christian schools. They also helped update Educational Care manuals in readiness to later resume training for teachers with the best of Christian education principles and practices.

The programs of Raise Up Global Ministries equip the global church for ministry by developing biblically-based resources for interactive learning that lead to changed lives and communities as people walk with Jesus and each other.

"... *God's people* will be
equipped to do *better work*
for him, *building up* the
Church, the body of Christ,
to a position of *strength*
and *maturity* ..."

Ephesians 4:12, Living Bible
